Scheduling and Corrections

To receive schedule updates and important information, please ensure that your **email address is up to date and correct in your online account**.

Any changes you may require must be received by the deadline to be placed into program.

When a schedule is ready to view, an email will be sent out and a copy will be attached to the email. The email will also specify the deadline for all change requests. Any change requests submitted after the deadline may not appear in the printed program. Please note once the rough draft has been sent out and deadlines are completed the final schedule cannot be changed as it will be sent for print.

Changes can still be made after the final schedule is completed but will not appear in the program. All changes after the deadline will be announced on site by the emcee to the audience.

Should you have a specific date request (ex. Can only dance on Friday).

These requests must be made in the comments of your original registration prior to any scheduling being completed. Once a schedule has gone out for proofing, these scheduling requests can not be accommodated.

Incorrect entries/changes after the final schedule:

When the rough draft schedule is released for review, please ensure that you review all your entries carefully and ensure all entries are in the correct levels, spelling is correct and all other information is correct. Once the final draft is completed, any entries that are incorrect and need to be changed will not be allowed to move within the schedule due to time constraints. The entry will be adjusted on site, but they will dance out of category.

Entry Information

Solo Limit

We accept a maximum of 5 (five) solos per dancer.

- **Solo length: 2.5 Minutes MAX**

If a studio wishes to register a solo longer than 2.5 minutes and shorter than 3 minutes, they can choose the long solo option upon registration. Regardless of which, all solos will be adjudicated and marked equally in the same categories. Solos are subject to time spot-checks; a grace period of 5 seconds is given. Should a solo exceed the time limit indicated (i.e., if a solo is longer than 3 minutes), a \$100 fine will be issued and must be paid by the studio prior to the studio's next category.

Levels

YEARS OF TRAINING

Beginner (Solos Only)	This level is reserved for a dancer's FIRST SOLO EVER (first time on stage alone, not per discipline)
Novice	1 st year of training in specific discipline
Junior	2 nd & 3 rd year of training in specific discipline
Intermediate 1	4 th to 6 th year of training in specific discipline
Intermediate2	7 th to 9 th year of training in specific discipline
Advanced	10 years and over of training

HOURS OF TRAINING

Non-Accelerated	Includes all leveling listed above while training less than 6hrs per week
Accelerated	Includes all leveling listed above while training for 6hrs to 9.9hrs a week.
Accelerated Elite	Includes all leveling listed above while training for 10hrs or more a week.
Professional*	Any routine that includes a teacher or professional on stage that is 19 years of age or older.

*Professional Category DOES NOT QUALIFY FOR SPECIAL AWARDS UNLESS THERE ARE 3 OR MORE PROFESSIONAL GROUPS IN THE CATEGORY.

Professional groups cannot qualify for the dance-off.

Calculating Age and Level

AGE

Age is as of March 1st, 2023.

Age is the average of all dancers in group numbers.

Averages are rounded based on the decimal:

ex. Avg. 9.5 = 8 & 9 yrs. OR avg. 9.51 = 10 & 11 yrs.

*It is the responsibility of the studio to be accurate on age and placings. If age or level is questioned, the studio/parents will be asked to provide documented proof. *

LEVEL

- The current dance season counts as one year, all dancers have minimum 1 year training
- For group routines, please average years of experience and round to the closest level:
 - E.g.) years of training for a group of 5: 2, 3, 4, 2, 3 = avg. 2.8
Level categories: Junior 2nd and 3rd year of training.
- If the average falls in between levels exactly:
 - E.g.) average is 3.5 years of training
 - Please use your discretion as a teacher to select either Junior or Intermediate 1. You know your students best and you know better what

their true abilities are. Please ensure you select the level that is the fairest to all competitors entered and when in doubt round up and choose the higher level.

DETERMINING LEVELS

Levels will be determined by overall years of experience for all disciplines except for a few specific disciplines. For duets, trios, and group dances, please average the years of experience (add all years together and divide by the number of people in the group). See below for more information on calculations.

- **Jazz, Ballet, Lyrical, Modern/Contemporary, Visual Interpretive, Variety, & Student Choreo**

Example: Dancer A have the following years' experience: Jazz – 11 years, Ballet – 10 years, Lyrical 8 years, Modern/Contemp. 8 years, Variety 4 years. Regardless of the genre, the dancer will be entered as an Advanced Dancer due to having 11 years of jazz experience and 10 years of ballet experience. So, if they do a lyrical, modern or variety solo they will still be entered as Advanced.

- **Tap, Pointe, Hip Hop, Breakdancing, Musical Theatre (live singing), Acro, National**

These disciplines require technique and vocabulary that can be significantly different than the other disciplines of dance, therefore a dancer may be entered in a lower level of training for these specific disciplines if they have less years of training.

A dancer may enter one of these disciplines at a maximum of 2 levels below their usual experience level based on their years of training in the specific discipline.

EX: Same dancer from above is advanced. But it is their second year doing tap (Which would usually be Junior) However, the maximum you can lower is 2 levels, so the Tap Solo would be entered as an Intermediate 1 level.

- At Showtime we always want to ensure the dancers are having the best possible experience, this seems to be the fairest way to ensure this for all participants. More advanced dancers will always have a higher physical literacy, ability for movement and have a higher comfort level being on stage in front of an audience, regardless of the lower training in specific disciplines. With these more specific rules of levels, this will prevent truly new and junior dancers from being compared to more advanced dancers and hopefully improve the overall fairness and environment for all dancers.

Accelerated and Accelerated Elite Dancers

Accelerated: 6 – 9.9 hrs of training per week.

If a dancer trains 6 hours to 9.9 hours a week they are considered “Accelerated” This must include all classes and all studios, i.e., if a dancer attends multiple studios, then all hours must be accounted for when making the calculation. Technique, choreography, and all ballet classes must be included (ex. If someone does 2 hours of ballet a week, that’s 2 hours even though they are the same class multiple times a week)

Accelerated Elite: 10 hrs or more per week.

Dancers that trains 10hrs a week or more across all disciplines, classes and studios are considered Accelerated Elite. Please note that this level will be combined in categories with Accelerated as well as the dance-offs at our festival events. However, this distinction will appear in the program and on your adjudication forms so that marking corresponds to the training level.

Calculating for Groups

For groups, trios, and duets. Calculate the average hours of training per student. Then average the entire group to determine placement.

E.g.: 5 dancers in a group with the following training hour averages

5.5, 5.0, 6.0, 10.0, 10.5 = avg: 7.4 hrs a week

This group should be entered as Accelerated

Group Sizes and Time Limits

Routines are timed from the moment the first dancer is seen to the exit of the last dancer. Routines are spot-checked with **\$100 fine** for more than 5 seconds over the limit.

<u>Type</u>	<u>Dancers</u>	<u>Time Limit</u>
Solo	1	2.5 mins
Duets	2	3 mins
Trio	3	3 mins
Small Groups	4-5	3.5 mins

Medium Groups	6-9	4 mins

X-Large Groups	15-19	6 mins

Props may not be stored at the venue for the weekend, please ensure you make arrangements for your props to be picked up every day. Medal Standings & Scores

Showtime Diamond Award of Excellence	95 & Higher
High Gold	90 – 94.9
Gold	85 – 89.9
High Silver	83 – 84.9
Silver	80 – 82.9

The scores will be determined by the adjudicators based on several factors including technique, cleanliness, performance quality, spacing and staging, ability level demonstrated as expected with in level and age.

The adjudicators will also be aware of each routines level and age and judge accordingly to this information regardless of what other routines are within the category. For example: If a Junior jazz group happens to be in the same time and award category as an intermediate jazz group. The adjudicator will be aware of the level different and will adjust their expectations accordingly, so the scoring is fair to each entry's level and age.

All dancers will receive a medal based on the score. Only REGISTERED dancers should participate in the routine and receive medals. Group medals will be given according to the numbers of registered dancers. Please make sure you register ALL DANCERS that are performing in the group.

Awards

1ST Place & Outstanding

2ND Place & Most Promising

3RD Place & Adjudicators Choice

Choreography Award (group categories)

Cash & Training Scholarships

At competition style events, placements are based on score specifically (1st, 2nd and 3rd top scores) for each adjudication session. In the event of mixed categories, extra awards may be given out.

At festival style events, the placements are not necessarily based on score. Outstanding award is given to the highest scoring group in the category. However, Most Promising award and Adjudicators Choice awards are not based on score. These awards are given at the adjudicator's discretion for various reasons that are not related to scores. In the event of a mixed category, there may be extra awards given out.

Onsite & Backstage Rules

DANCERS BACKSTAGE:

Allowed backstage up to TWO routines prior to their scheduled performance. Once they have performed, they need to immediately exit backstage to prevent overcrowding. Showtime staff will be regulating backstage traffic, all participants must follow any directions given by Showtime staff. Dancers will return to the stage for Adjudication & Awards once everyone has performed in the category. All dancers must remain in the holding area until each adjudication has concluded. Please remind your dancers to be quiet and respectful backstage so they are not a distraction to the entry currently performing.

TEACHERS:

All teachers and assistants must be wearing their Backstage Pass provided at the event. Please fill out the names for passes with your registration. Please note that **parents are not permitted backstage or in the practice rooms.**

SPORTSMANSHIP:

We pride ourselves on being an inviting, safe, and fun environment for all dancers to perform, therefore it is imperative that all participants demonstrate appropriate, polite, and fair behavior while attending an event. Any individual or studio whose behavior does not follow this outline may be asked to leave and will not be refunded for their entries or admission costs.

RE-DANCES:

We believe it is best for the dancer to have the opportunity to re-dance if they are unable to complete their routine, therefore re-dances may be permitted at the staff's discretion. **If a re-dance is permitted and is not due to a technical issue out of the dancer's control (for example: music problems or fire alarm), the dancer will not be eligible for awards in the category.**

MISSING DANCERS:

Any missing dancers must be announced. Substitutions are allowed as long as training or age level is not affected. Unfortunately, no refunds will be given due to a missing dancer. If a dancer is missing due to an injury or illness: if notice is given prior to the start of the event and accompanied with a doctor's note a studio credit may be given, please contact the office for further information.

DANCING OUT OF CATEGORY:

Should a routine be required to move from their current category, this can be done at the event, but the routine may need to be "Out of Category". A routine is considered out of category when it is moved into a category that it does not fit into or if the entry was entered incorrectly and needs to be changed to their correct level which no longer matches the category, they are in (Accelerated vs. non-accelerated or different disciplines).

For example, if an accelerated Jazz routine needs to be moved and the only place available is a non-accelerated category they would be considered Out of Category as their training level is higher. Or if they had to move into an accelerated ballet category they would be out of category since it is a different discipline.

However, if a routine such as a Non-Accelerated Jazz dance needed to move and went into an Accelerated category they would be in category since they are technically being judged with harder level than they were previously, this would not be considered an unfair advantage to the rest of the dancers in the correct category for placements.

MUSIC:

All music should be uploaded to the registration system no later than 1 week prior to the event and will be added to the event playlist by our crew. Music that wasn't uploaded to the system before the deadline will be missing from the playlist. In this case, please bring a reliable device with a regular audio input to play your music, such as phone, tablet or laptop.

Please come prepared with a back-up method in case of issues with the uploaded song, put all devices in airplane mode & remove any cases on your device to decrease risk of technical issues.

TAP SHOES:

Tap shoes are permitted Backstage only. Some venues do not allow tap shoes in their rehearsal halls, please check all signs at the event for rules specific to each location. Tap sounds must not be pre-recorded. Please ensure all taps are tight and there are no loose screws that may come off or damage the flooring. If a tap screw does come off on stage, please inform Showtime staff immediately so it can be found and removed before the next dancer goes on stage.

LANGUAGE/CONTENT:

Showtime events are family friendly, therefore all music and choreography must be appropriate for all ages. Any routine deemed to be in poor taste by our adjudicators or managers may be disqualified. Profanity will result in a \$100 fine per word and may result in disqualification of the routine. Please screen music for content or lyrics that may be offensive. This includes sensitive topics that may cause distress to audience members.

ADMISSION:

We do charge an admission fee at Showtime events. By charging an admission fee we can provide lower registration fees for your dancers to participate and still have one on one adjudication from the top professionals in the industry. All children 6 and under are free, and dancers and teachers will not be charged. Multi day discounts are available for purchase. Pricing for admission will be sent to studios in an information package prior to the event.

PHOTO AND VIDEO:

Showtime has a strict policy on taking photos or recordings within the theatre. **There are absolutely no use of cameras, video cameras or recording devices allowed at any time.** Please know this is due to privacy laws and wanting to keep all participants safe. Please refer to the Personal Information Protection and Electronic Documents Act (PIPEDA) for more information.

There will be signs on site to remind audience members of this rule. Any person caught taking photographs or filming routines on stage will be asked to leave immediately and may cause the routine on stage to be disqualified. Please inform your dance parents of this rule prior to the competition.

Nyshe Media will be taking photos and recording every routine for you. Studios will receive a link to all of their media to share with their dancers and families.

Dance Off

The Dance Off is a final challenge held on the last day of the competition. The routines that qualify for the Dance Off are the top 10 group marks – 6 accelerated/elite and 4 non-accelerated or vice-versa, according to the registration ratio for the levels.

(Groups that dance after 12pm of the last day will also qualify for the Dance Off if they get same or higher marks than the ones that are on the leaderboard)

The routines will compete at the Dance Off for the following prizes:

Groups:

1st place: \$500

2nd place: \$300

3rd place: \$200

Choreography Award: \$150

(Prizes will be given to each of the two divisions, Accelerated/Elite & Non-Accelerated)
